

The stage is set for some great shows

STARS of the future can ply their creative trade on a school's new outdoor stage.

West Blatchington Primary School in Hove officially opened its new outdoor stage on Thursday.

The installation, in the school's infant playground, will allow outdoor performances, talks and presentations from pupils and guests.

A special celebration show at the stage's grand opening featured a selection of talented singers, musicians and actors from Hove Park School.

Visitors were also given a taste of the nearing Yuletide season with a performance from a junior Christmas choir, while West Blatchington's infant 'Funky Monkeys' wowed an adoring crowd.
